

COS30043: Interface Design and Development

Credit Task 3.3: Compute Web App

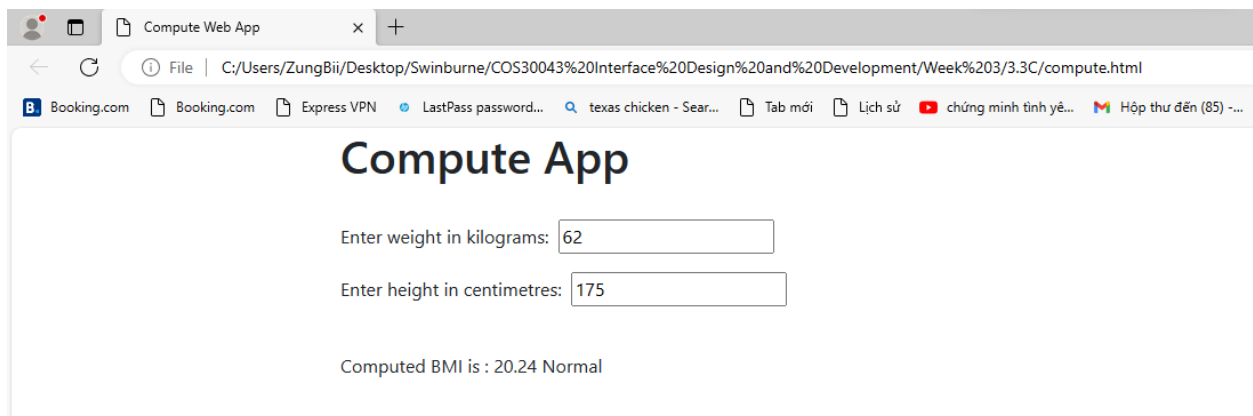

Name: Tran Quoc Dung

Student ID: 103803891

The screenshot shows a web browser window with the title "Compute Web App". The address bar shows the file path: "C:/Users/ZungBii/Desktop/Swinburne/COS30043%20Interface%20Design%20and%20Development/Week%203/3.3C/compute.html". The page content includes the heading "Compute App" and two input fields: "Enter weight in kilograms:" with a value of "0" and "Enter height in centimetres:" with a value of "0".

BMI Webpage (default).

The screenshot shows the same web browser window as before, but with the input fields filled with "62" for weight and "175" for height. Below the input fields, the text "Computed BMI is : 20.24 Normal" is displayed.

BMI output (weight & height value of myself).
